

Muhammad Ruziboev

Video Editor · Motion Designer

Tashkent, Uzbekistan · **Phone:** +998 __ ___ __ __ · **Email:** mr2003199@yandex.com
LinkedIn: linkedin.com/in/muhammad-ruziboev-082a78447
Telegram: @graphicartscreator · **Date of birth:** 19 September 2003

OBJECTIVE

To join a digital team as a video editor / motion designer and create social-media ads that hold attention from the first seconds and drive viewers to act.

EDUCATION

Tashkent State University of Economics 09/2023 — 06/2027 (expected)
Bachelor's degree in Artificial Intelligence, 4th year. Python, data processing, machine learning.

EXPERIENCE AND PROJECTS

GraphicArts — video editing and motion design (freelance) 01/2024 — present
Tashkent, remote · Telegram @graphicartscreator

- Edit social-media videos (Reels, Shorts, TikTok): cutting, colour correction, titles and sound in 9:16, 4:5 and 16:9 formats.
- Run each project from brief and storyboard to final render and client revisions.

Promo video for the Muhr payment service 10/2026

- Produced a 32-second ad, 1080×1350 at 60 fps: 8 scenes on a 120 BPM rhythm grid — from a 4-second hook to the "Start a deal" call to action.
- Built the animation in code (HTML/CSS/JavaScript + Playwright) with an AI assistant and synthesised the music in Python with no samples; sounds are synced to on-screen events, loudness −14 LUFS.
- Automated the pipeline: any change rebuilds the final MP4 with one command (ffmpeg).

SKILLS

Editing and graphics: Adobe Premiere Pro, After Effects, DaVinci Resolve, CapCut, Photoshop
Motion design in code: HTML/CSS, JavaScript, Playwright, ffmpeg, Python (numpy)
Audio: synthesis and mixing, sync to picture, loudness normalisation (LUFS)
Additional: Unity (C#) — basic, game testing, AI tools
Personal: attention to detail, meeting deadlines, taking feedback well

LANGUAGES

Uzbek — native · Russian — fluent (C1) · English — intermediate (B1)

ACHIEVEMENTS

- Made the Muhr video with no stock templates or third-party music: all 8 scenes and the soundtrack are my own work.
- Combine the 4th year of an Artificial Intelligence degree with paid video work.
