

Muhammad Ruziboev

Video Editor · Motion Designer

Tashkent, Uzbekistan · **Phone:** +998 90 375 44 06 · **Email:** mr2003199@yandex.com
LinkedIn: linkedin.com/in/muhammad-ruziboev-082a78447
Telegram: @graphicartscreator · **Date of birth:** 19 September 2003

OBJECTIVE

To join a digital team as a video editor / motion designer and create videos for social media and game products that hold attention from the first seconds.

EDUCATION

Tashkent State University of Economics 09/2023 — 06/2027 (expected)
Bachelor's degree in Artificial Intelligence, 4th year. Python, data processing, machine learning.

EXPERIENCE AND PROJECTS

GraphicArts — video editing and motion design (freelance) 09/2023 — present
Tashkent, remote · Telegram @graphicartscreator

- Edit social-media videos (Reels, Shorts, TikTok): cutting, colour correction, titles and sound in 9:16, 4:5 and 16:9 formats.
- Create motion graphics — animated logos, titles, intros; run projects from brief to client revisions.

YouTube channel — editing and channel management 2023 — 2025

- Ran the channel: video editing, thumbnails, search-friendly titles and descriptions, upload schedule, YouTube Studio analytics.

Mobile game developer (Unity, C#) — own projects 2019 — present

- Built 2 Android games — AirFly and UzbekAdventure: gameplay, UI, graphics and APK builds.
- Invested several thousand dollars in advertising the games and edited the ad trailers myself — this is how I got into video editing.

Family business — graphic designer, assistant to the owner 07/2021 — 08/2023
Termez

- Made advertising materials: logos, banners, social-media posts; helped with customer service.

SKILLS

Editing and graphics: Adobe Premiere Pro, After Effects, DaVinci Resolve, CapCut, Photoshop
Game development: Unity, C#, game testing, game graphics and UI
Additional: Python, AI tools, music selection and sound mixing
Personal: attention to detail, meeting deadlines, taking feedback well

LANGUAGES

Uzbek — native · Russian — fluent (C1) · English — intermediate (B1)

ACHIEVEMENTS

- Built and released 2 Android games of my own (AirFly, UzbekAdventure) — from idea to a finished APK.
- 7 years of practice in digital content: games (since 2019), graphic design, YouTube and video (since 2023).
- Combine the 4th year of an Artificial Intelligence degree with paid video work.
